c) *Revalue financial asset principles*

**Revaluation of financial assets FTVPL and AFS at market value or fair value is according to the method of valuation in accordance with the law. In case, there is no market prices at the most recent trading date, the Company uses fair value to revalue its financial assets. The fair value is determined on the base of respect for the principle, method or model of valuation theory of financial assets approved by the Board of Management.**

The fair value/market value of financial assets is determined in accordance as follows: prices at the most recent

- For securities listed on the Hanoi Stock Exchange and the Ho Chi Minh City Stock Exchange, their market prices are their closing prices on the trading day preceding the date of setting up the revaluation;
- For unlisted securities registered for trading on the Unlisted Public Company Market (UPCOM), their market prices are determined as average reference in the last 30 consecutive trading days before the time of re-evaluation announced by the Stock Exchange./ are their closing prices on the trading day preceding the date of setting up the revaluation.
- For delisted securities and suspended trading securities from the sixth day afterward, their prices are the book value at the latest financial report date.
- For unlisted securities and securities unregistered for trading on the Unlisted Public Company Market (UPCom), the stock prices as the basis for re-evaluation are the prices collected from sources. reference information that the Board of Management considers that this price represents the market price of these securities.

For securities which do not have reference price from the above sources, the revaluation is determined based on the financial performance and the book value of securities issuer as at 31 December 2025.

The difference in increase/decrease dues to revalue FVTPL are recorded according to the principle of non-offset and presented in the Statement of Comprehensive Income on 02 items: the item "Loss from financial assets at fair value through profit and loss (FVTPL)" - details "Loss from revaluation of financial assets at FVTPL" (if the assessment decreases) and the item "Gain from financial assets at fair value through profit and loss (FVTPL)" - Details "Gain from revaluation of financial assets at FVTPL" (if the assessment increases).

The difference in increase/decrease dues to revalue AFS are recognized directly in equity of the Statements of Financial Position on the item "Asset revaluation differences".

Held-to-maturity financial assets are subjected to an assessment for impairment at the financial statements date. Provision is made for these investments when there is any objective evidence that the investment is irrecoverable or there is uncertainty of recoverability as a result of one or more loss events that affected adversely on estimated future cash flows of HTM investments. Objective evidence of impairment may include a drop in the market value/fair value (if any) of the impaired debt, indications that the debtor or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments, the possibility that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in repayment conditions, economic conditions that correlate with defaults. When there is any evidence of impairment, provision is made on the basis of the difference between the amortized value and the fair value at the assessment date. Any increase or decrease in the balance of provision is recognized in the income statement under "Provision expenses for diminution in value and impairment of financial assets, doubtful receivables and borrowing costs of loans".

Loans are made provision of impairment at the Statement of Financial Position date. Provision for loans is made on the basis of the estimated loss, calculated as the difference between the market value of the security used as collateral for the loan and the balance of the loan. Increases and decreases of provision are recognized in the Statement of Comprehensive Income on the "Provision expenses for diminution in value and impairment of financial assets, doubtful receivables and borrowing costs of loans".

The difference in revaluation according to market price or the most accurate value (in case there is no market price) of financial assets recorded through FVTPL profit/loss in the Securities Company's financial asset portfolio at the end of the accounting period is separately monitored in Level 2 Account "Revaluation difference" of Account 121 - "Financial assets recorded through profit/loss" without recording an increase or decrease in the purchase price of financial assets on the "Purchase price" Account and is specifically determined for each

- At the first revaluation period, the fair value of financial assets recorded through FVTPL profit/loss in the Securities Company's financial asset portfolio is reflected in Account 1212 "Revaluation difference" which is the difference between the revaluation value of financial assets recorded through FVTPL profit/loss at the time of revaluation according to market price or fair value and the initial purchase price of financial assets recorded through FVTPL profit/loss in the Securities Company's financial asset portfolio.
- In the second revaluation period onwards, the revaluation value of financial assets recorded through FVTPL profit/loss in the Securities Company's financial asset portfolio is reflected in Account 1212 "Revaluation difference" which is the difference between the market prices between the revaluations. Account 51112 "Increased revaluation difference of financial assets recorded through FVTPL profit/loss" is determined by the revaluation profit/loss of this period minus the revaluation profit of the previous period, or Account 63213 "Decreased revaluation difference of financial assets recorded through FVTPL profit/loss" is determined by the revaluation loss/loss of this period minus the revaluation loss/profit of the previous period.

**Note :**

- (1) The Company has made provisions for investments in accordance with the guidance in Circular No. 48/2019/TT-BTC dated August 8, 2019 and Circular No. 24/2022/TT-BTC dated April 7, 2022 of the Minister of Finance guiding the making and handling of provisions for inventory price reduction, investment losses, bad debts and warranties for products, goods, services and construction works at enterprises. Accordingly, the market value of these investments is determined by the difference between the purchase price and the provision made.

The market value of securities listed on the Hanoi Stock Exchange and Ho Chi Minh Stock Exchange is the closing price on the most recent trading day up to 31/12/2025. For securities of companies that are not listed on the stock market but have registered for trading on the unlisted public companies market (UPCOM), the market value is determined as the average reference price in the 30 most recent consecutive trading days before 31/12/2025. For listed securities that are canceled or suspended from trading or have stopped trading from the sixth trading day onwards, the actual price of the securities is the book value at the end of the accounting period.

**Exchange rate risk:**

The Company is exposed to exchange rate risk due to the fluctuation in the fair value of future cash flows of a financial instrument following changes in foreign exchange rates when the Company's borrowings, revenues and expenses are denominated in currencies other than Vietnamese Dong.

**Interest rate risk:**

The Company bears interest rate risk due to the fluctuation in fair value of future cash flows of a financial instrument due to changes in market interest rates when the Company has time or non-term deposits, loans and debts subject to floating interest rates. The Company manages interest rate risk by analyzing the competitive situation in the market to obtain interest rates favorable to the Company's purposes.

**Credit risk**

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or contract, leading to a financial loss to the Company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and financing activities (including bank deposits, loans and other financial instruments).

**Liquidity risk**

Liquidity risk is the risk that the Company will have difficulty in fulfilling its financial obligations due to lack of funds. The Company's liquidity risk arises mainly from the fact that financial assets and financial liabilities have different maturities.

The maturity of financial liabilities based on contractually expected payments (based on cash flows of principal) is as follows:
